Garden Rejuvenated

The Entrance Garden is being brought to life with new plants, freshly composted topsoil and a lot of hard work from volunteers. Who needs a gym when you can work out in the garden. Take a stroll through this revitalized site. You will be impressed with the improvements.

Community Garden Moving

Sunshine Valley Developments has requested that the Community Garden vacate its current location so the garden will be relocating to a newly developed site beside the Entrance Garden on Cedar Blvd. Gordon Zucht has done a great job preparing the area and has built a garden shed which is ready for its brown metal roof. **Titan Roofing** has generously agreed to donate the materials and installation.

Citizens on Patrol

In response to robberies earlier this year the Ratepayers and the Fraser Valley Regional District are sponsoring the creation of a **Citizens on Patrol** group in Sunshine Valley. Ryan Ellan is coordinating the project. Volunteers always work in pairs and must donate a minimum of four hours per month to prevent crime in the Valley. Contact Ryan at sunshinevalley@telus.net for details.

Summer Safety

- ⊗ A life jacket only works if you're wearing it.
- ⊗ Before you head out on any hike, make sure someone knows where you are going, and when you will be back.

Have a great summer!

The sun is up there somewhere
